

HADDOW'S APARTMENT REPORT

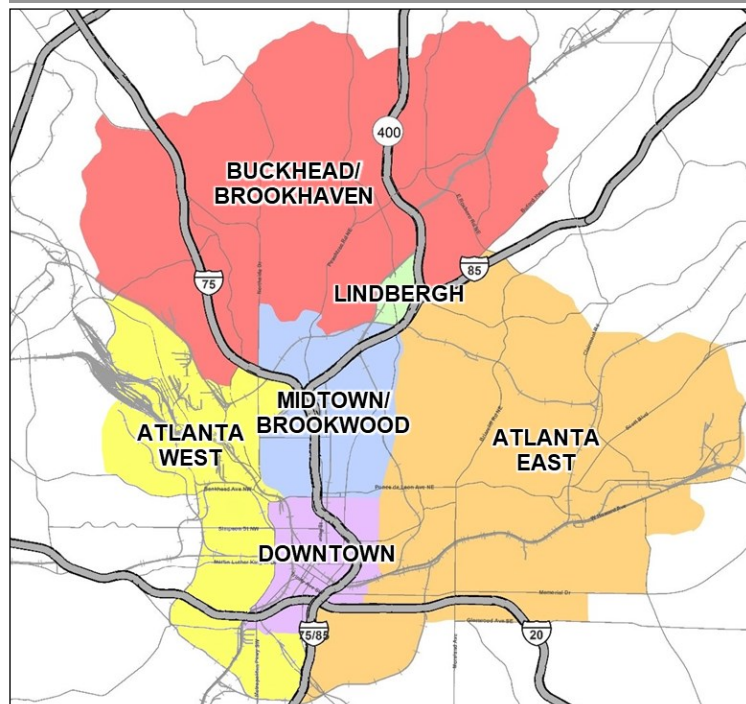

INTOWN ATLANTA

Haddow's Apartment Report provides a thorough analysis of the intown Atlanta apartment market. This semiannual report examines current trends in the Class A market by tracking rental and occupancy rates at apartments built in the last 15 years. Apartments planned and under construction are also monitored, as well as land and building sales. Important demand drivers are constantly assessed.

CONTENT OF REPORT

- Market-rate apartments built since 2000 in Atlanta's six urban submarkets.
- Current rental and occupancy rates reported individually for at least 90 percent of existing units.
- Recent sales of apartments and development sites.
- Apartments planned or under construction.
- Key demand drivers and economic indicators.
- Special Topics section analyzing important trends shaping intown Atlanta.
